Move to natural™

icebreaker

A man with a beard and glasses, wearing a dark beanie, sits on a rocky outcrop. He is wrapped in white plastic, which is crinkled and translucent, covering his torso and arms. He looks off to the side with a serious expression. The background shows a vast, hazy mountain range under a cloudy sky.

Still wearing plastic?

For many of us the answer is, uncomfortably, yes.

We believe nature has a better way.

We lead a movement towards a more natural way of living, by taking unnecessary plastic out of performance apparel.

Merino breathes, doesn't smell, it's lightweight, easy to care for, manages moisture and regulates temperature. Just so naturally comfortable.

Choose icebreaker merino clothing to perform and feel naturally better.

Move to natural™

Regenerative future.

Working in sync with nature.

We believe the key to the future of our planet is to not only maintain nature, but to renew and rebuild it. We're working with our growers to conserve and rehabilitate our ecosystems.

Regenerative agriculture is about creating a better, kinder, more positive future for the planet. It is not prescriptive and is never "done". ZQ^{RX} reflects this ethos, defining regenerative agriculture as a mindset of continuous improvement, applied to an agricultural context.

Merino LS Roll Neck made from ZQ^{RX} merino

ZQ^{RX} is the evolution of our current ZQ merino source standard, a mark of integrity for merino growers committed to ethical wool production through welfare, caring for the environment and social responsibility.

In NFW22 / SSS23, 100% of our styles made from 15.5 micron merino will be ZQ^{RX} sourced merino wool. This means our 15.5 growers are signed up to the ZQ^{RX} platform. All of our merino is ethically sourced, and we are on the road to further progress by transitioning our full wool supply to be from regenerative sources.

“About three years ago, my husband started to look into soil health. Regenerative agriculture is about making everything work together using nature - reconnecting all the points that have been disconnected over the years.”

Our Stories.

Designed for all naturally active moments.

Whakapapa.

This season, we continue to celebrate our origins and identity.

In Aotearoa-New Zealand Whakapapa speaks to identity through a series of connections to places and people - both past, present and future.

Through shared purpose and actions towards our mission - we are bound.

For 26 years of icebreaker, our purpose, beliefs and values have not changed, nor have the hundreds of years of our growers looking after their land, animals and people. We continue this connection from our land right through our full supply chain and community.

To continue to honour this now, will honour those before us. Each person's job, is to do a better job than those before us. And so on, for years and years to come.

Our seasonal storytelling weaves through the layers of our Whakapapa as we connect you closer to the land and the people of Aotearoa-New Zealand.

We are all connected.

Graphics.

Art of nature

Express your mood, your style, your values with our 100% merino graphic tees. Every tee has a story.

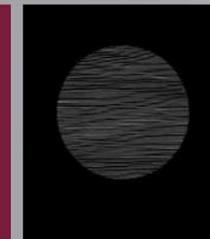

A photoscreen print of the snow-capped Remarkables Range in New Zealand by Nathan Dunn.

A fun hieroglyphic style graphic telling a story of the outdoors, illustrated by New Zealand artist Andrew J Steel.

A logo lock up exploring layers and textures of mountain geology by Nathan Dunn.

A hand-drawn graphic by Nathan Dunn inspired by horizontal ski tracks following the elevation of the mountain.

A fun illustration by Damon Watters of a skiing yeti.

A textured print of mountain peaks by Nathan Dunn.

Colour philosophy.

We're inspired by natural hues. The colours of nature work together and change across a landscape. We aim to avoid artificial or synthetic looking colours. Even 'perfect' primary colours, as they lose the imperfection and uniqueness that we find in nature.

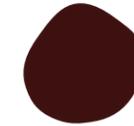

We're interested in contrast. A bright colour doesn't stand out in a landscape full of bright colours. The interaction of colours to each other is what creates the expression. There needs to be calm and quiet for things to really come alive.

We're interested in how the colour will be worn. To blend in with nature, or to stand out in nature, whether you're in the open wilderness or commuting on the street. Every shade and combination should be unique and individual.

We are inspired by the expression and the colour of nature.

How we build our collections

Versatility & simplicity.

Natural Performance

Designed for long days out on the mountain and those shorter adventures on your doorstep. Made from natural fibers, with performance functionality and versatility in mind.

Natural Essentials

Essentials are just that, the staples of the icebreaker wardrobe. The most versatile, reliable, hardworking natural styles that merge effortlessly with our extended collections.

Natural Living

From lazy Sunday coastal walks to city hopping weekend breaks, an assortment for the casual and astute urban lifestyles of those living and working in the city or at home.

The icebreaker warmth system.

The icebreaker warmth system™ numbers are based on the products material weight range and thermal properties, to help you layer for comfort in all conditions.

150

Ultralight - Made for all seasons

200

Lightweight - Made for cool conditions

260

Midweight - Made for cold conditions

The layering system.

icebreaker pioneered the world's first natural layering system – designed to give you the freedom to enjoy and be inspired by your adventures in nature, whatever the conditions or season.

Skin

Silky-soft and luxurious, our breathable skin layers wick moisture away from the body and regulate temperature.

First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

*Explore the new Shell+™ outer layer this season. Not pictured above.

Our natural technologies.

icebreaker Merino

Soft and lightweight merino fibres feel warm in the cold and cool in the heat, wicking away sweat and resisting odour. Ethically sourced certified merino from transparent and deep relationships.

Cool-Lite™ Naturally Cool

A lightweight and breathable fabric blend that is designed to wick moisture away from your body.

ZoneKnit™ Naturally Breathable

Engineered body mapped technology to regulate your body temperature and let your skin breathe during high intensity activity.

RealFleece™ Naturally Warm

A brushed naturally derived fibre creates a soft and natural fleece for warmth in the cold.

MerinoLoft™ Naturally Insulated

A cruelty-free alternative to down insulation, made from 100% merino fibres with high warmth-to-weight ratio, that still stays warm when wet and is machine-washable.

Shell+™ Naturally Protected

A tightly woven natural fibre fabric is coated with a water-repellent finish to keep you warm and protect you against wind and light rain.

Base Layer.

Sitting softly next to your skin, natural base layers move and breathe in harmony with your body for comfort all day long.

Base Layer.

Sitting softly next to your skin, natural base layers move and breathe in harmony with your body for comfort all day long.

A man in a blue base layer and ski gear stands on a snowy mountain peak, looking out over a vast, snow-covered landscape under a clear blue sky. He is wearing a blue beanie, sunglasses, a blue long-sleeved shirt with white stripes on the sleeves, black gloves, and a black backpack. He is holding a ski pole with a black and white checkered grip.

Base Layer.

Sitting softly next to your skin, natural base layers move and breathe in harmony with your body for comfort all day long.

Reference.

SIZING / Measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

UPPER BODY MEASUREMENTS

WOMAN (INCHES)	WXS	WS	WM	WL	WXL
BUST	32¼	34½	37	39½	42
HEIGHT	5' 5¼	5' 6	5' 6½	5' 7	5' 7½

WOMAN (CM)	WXS	WS	WM	WL	WXL
BUST	82.0	88.0	94.0	100.0	107.0
HEIGHT	167.0	168.0	169.0	170.0	171.0

HOW TO MEASURE:

BUST	Place tape measure across your back, underneath your arms and then across the widest point on the bust. Don't 'squash' yourself.
HEIGHT	This is your true height, without the assistance of shoes.

In instances when your body measurements for bust and height are in two different suggested sizes, we recommend going with the size from your bust measurement.

LOWER BODY MEASUREMENTS

WOMAN (INCHES)	WXS	WS	WM	WL	WXL
