

Global Workbook | NH FW25 / SH SS26

icebreaker
Move to natural

30
years

The background of the slide is a full-page photograph of a winter landscape. In the foreground, there is a calm body of water reflecting the sky and the trees. Two tall, slender, leafless trees stand prominently in the middle ground. Behind them, a range of mountains is covered in snow under a cloudy sky. The overall tone is serene and natural.

Our brand.

We lead a movement towards
a more natural way of living,
by taking unnecessary plastic
out of performance apparel.

Our brand

Our strategy.

Naturally better performance apparel.

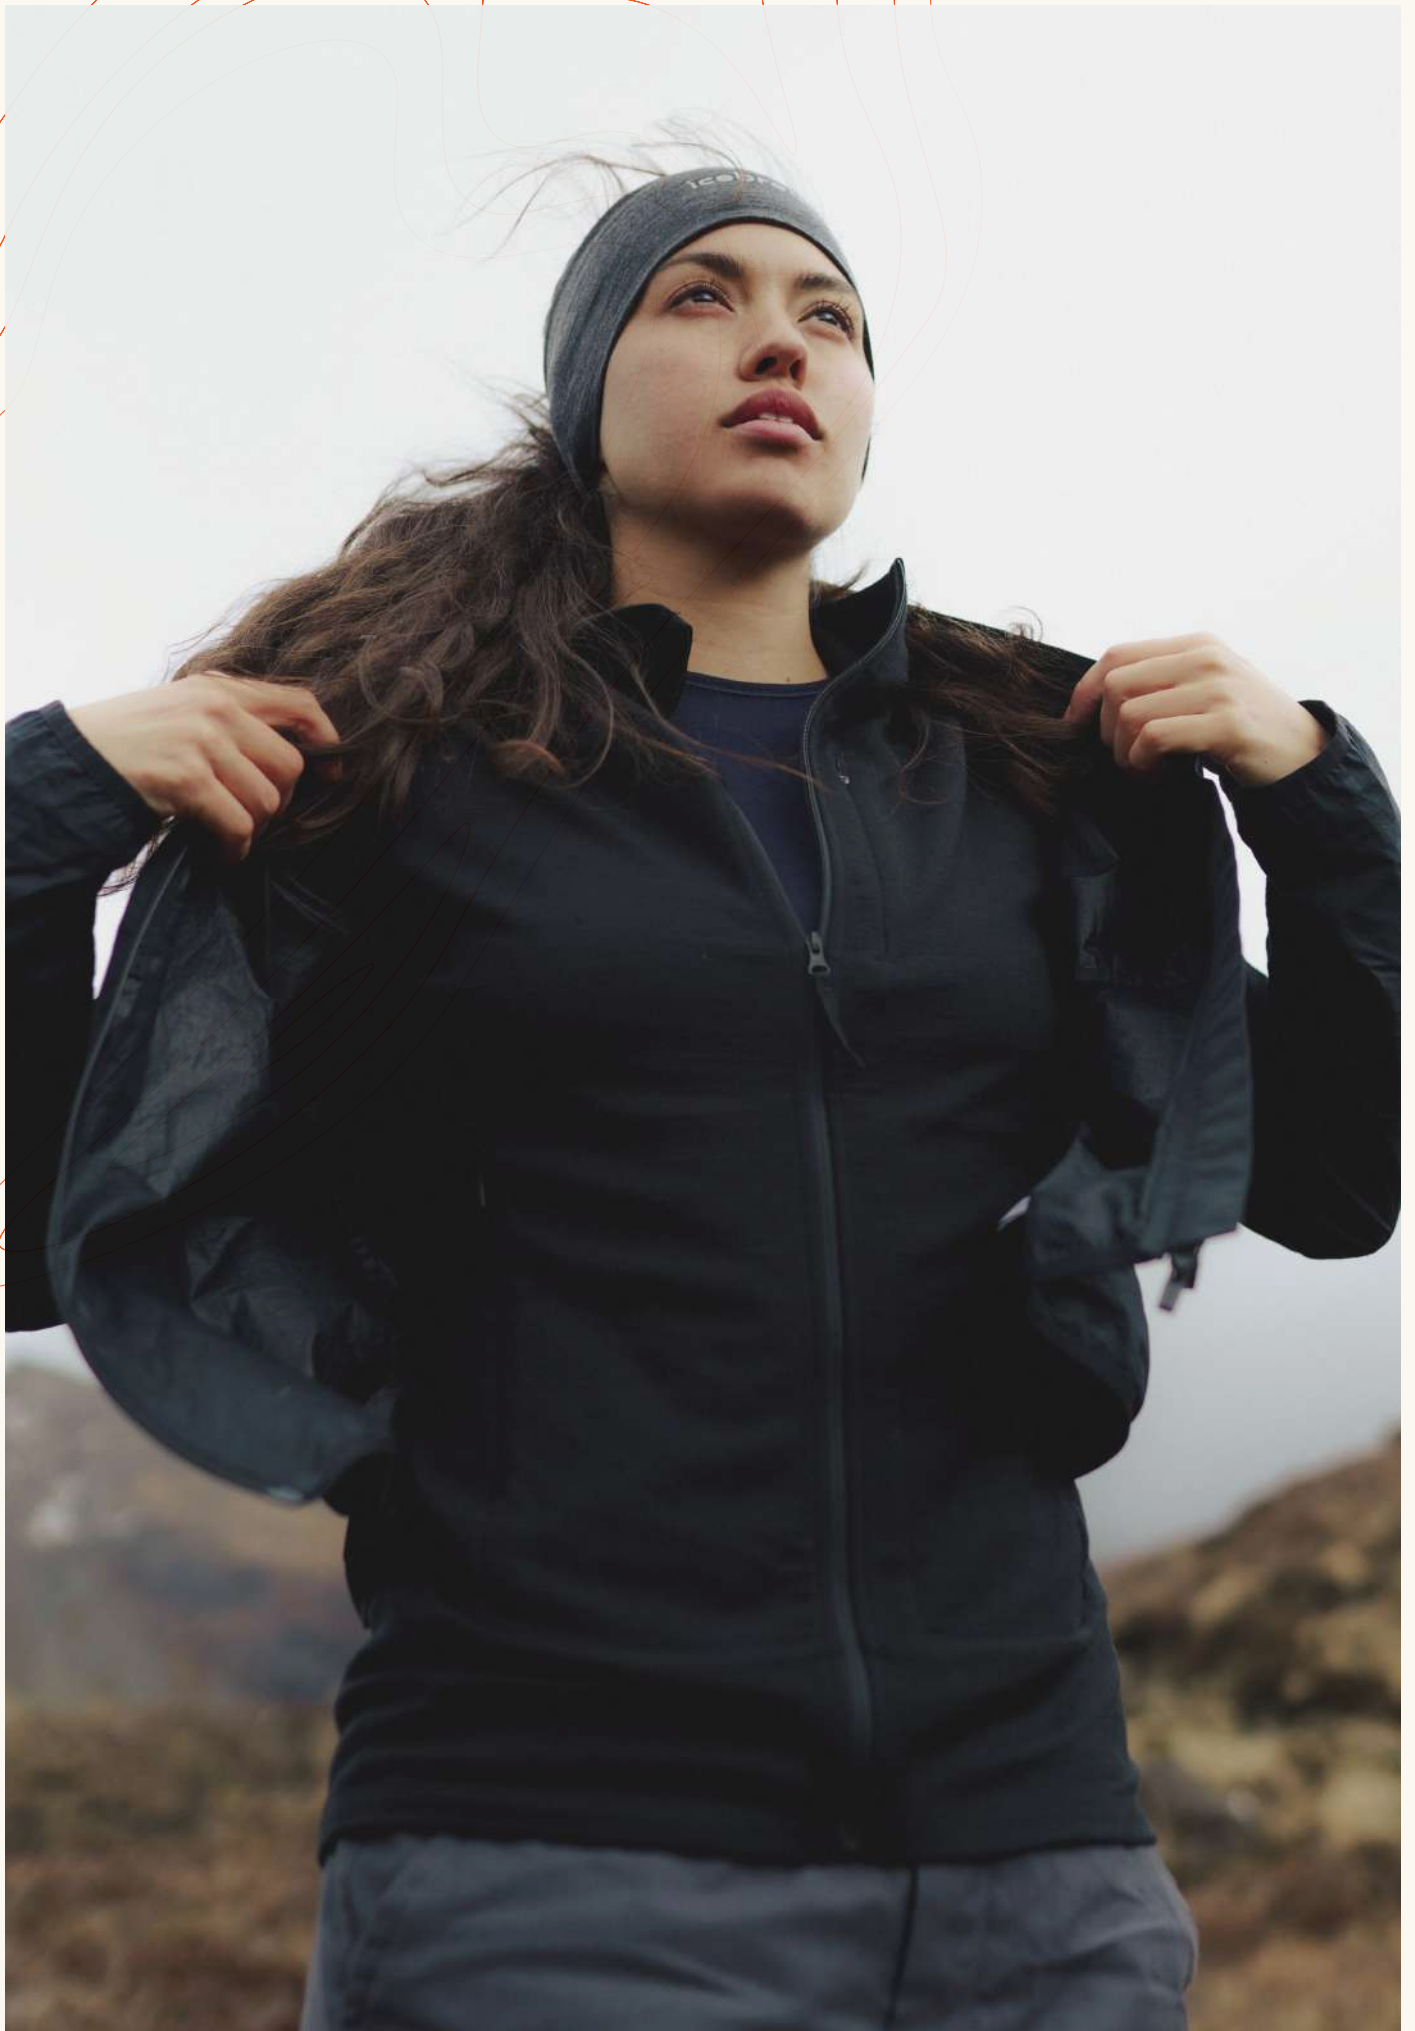

We provide naturally better products to help our customers feel and perform naturally better, whatever their activity, any day of the week. This way, we offer consumers more options and reasons to enjoy their icebreaker, while creating more opportunities for innovation.

Purpose-led.

We've been a purpose-led brand since the very beginning. Move to natural is our rallying cry, it's both the vision for our product and an invitation to consumers to join the movement.

Consumer mindset.

The world is shifting to a more natural way of living. The icebreaker consumer works and trains during the week, while at the weekends they spend their time outdoors, running, hiking and skiing. Our products need to serve them seven days a week if we want to support this mindset, to enable our customers to truly move to natural.

Our brand

Natural innovations.

RealFleece®

Brushed Merino wool naturally resists odours and helps regulate body temperature, while combining with the softness of TENCEL™ Lyocell fibers for comfort next-to-skin.

Cool-Lite™

Lightweight and breathable fabric blend that's quick drying and helps to keep you cool.

ZoneKnit™

Zoned engineered performance to help regulate your body temperature during high-intensity activity.

100% Merino wool

Soft, lightweight and naturally odour resistant fibre that keeps you warm when it's cold and cool when it's warm.

MerinoLoft™

Merino wool insulation with a high warmth-to-weight ratio to help keep you warm during cold-weather activities.

Shell+™

Highly wind-resistant with a water-repellent (non-PFC DWR) finish to keep you protected from wind and light rain.

Our brand

Four hero categories.

Underwear

Our underwear category complements our layering system perfectly. Ideal for active or casual use, our underwear is super soft and ultra-comfortable.

Base layers

Our base layers represent the core of our brand. Today, most of our base layers are made with 100% Merino wool. They're versatile, comfortable and naturally odour resistant.

Tees

We have the perfect, high-performing tee for your next adventure. Made with a variety of fabrics, from natural Merino wool to TENCEL™ Lyocell, now even more of our tees are plastic-free.

Mid layers

Our insulating mid layers deliver a buffer for moisture and a shield from the cold. This season, our RealFleece innovation is an important opportunity for growth. Brushed Merino wool naturally resists odours and helps regulate body temperature, while combining with TENCEL™ Lyocell fibres designed for comfort next-to-skin.

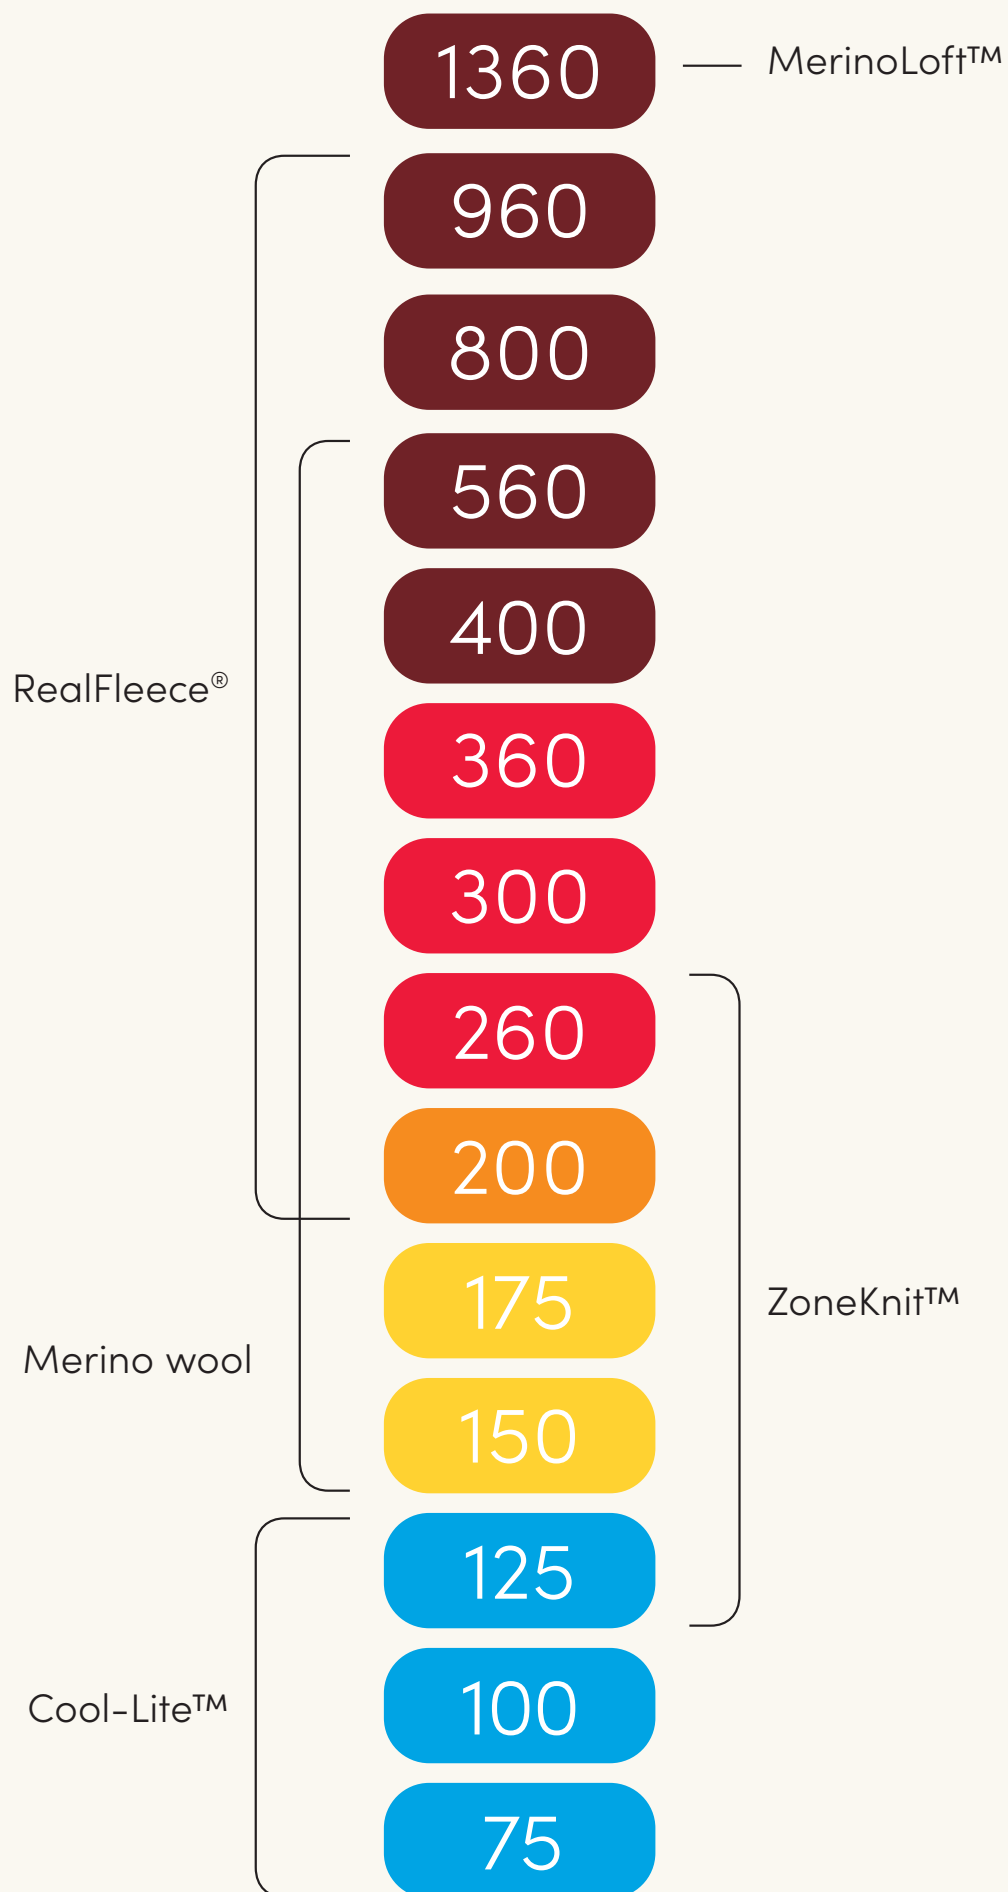

Our brand

The icebreaker warmth system.

We've adapted the warmth system to include more of our products but the same principle still applies: the bigger the number, the warmer you'll be. The lower the number, the cooler you'll be.

Our brand

Our layering system.

Underwear

Start the day with nature next to your skin. Soft and lightweight fibres that allow your skin to breathe, for freshness and comfort all day.

Base/First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

Our brand

Our layering system.

Underwear

Start the day with nature next to your skin. Soft and lightweight fibres that allow your skin to breathe, for freshness and comfort all day.

Base/First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

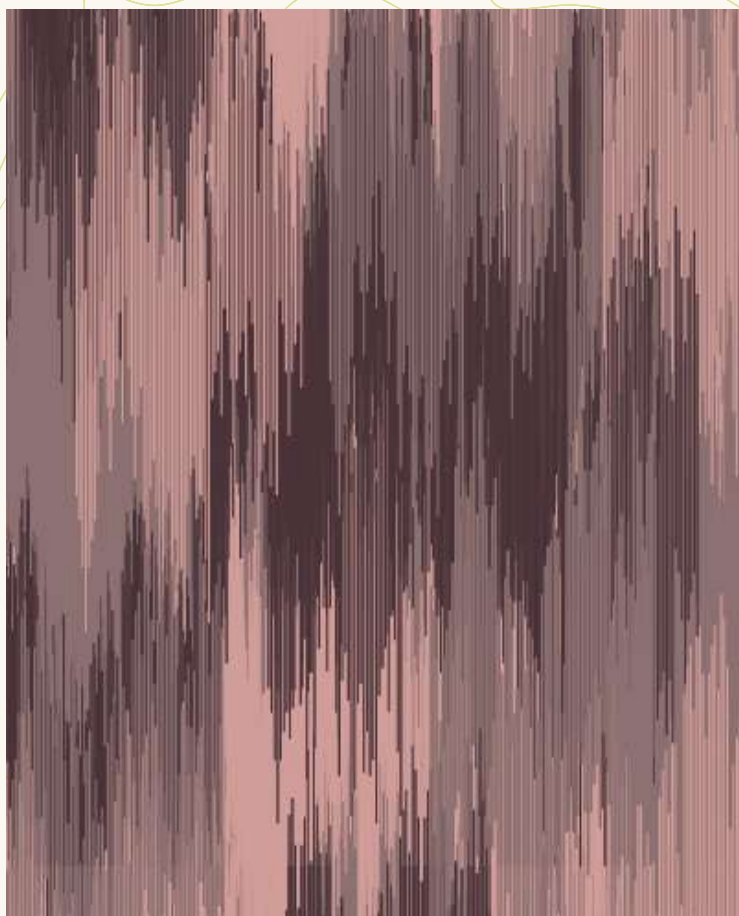

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

Seasonal themes & stories

We are the pioneers
and innovators of merino
performance apparel.

Seasonal design theme

Fusion

Inspired by nature's vibrant energy and the power of connection on the trail, this season we embrace Fusion. Infused with vivid hues and geometric designs, this collection mirrors your dynamic landscape as you stride through nature.

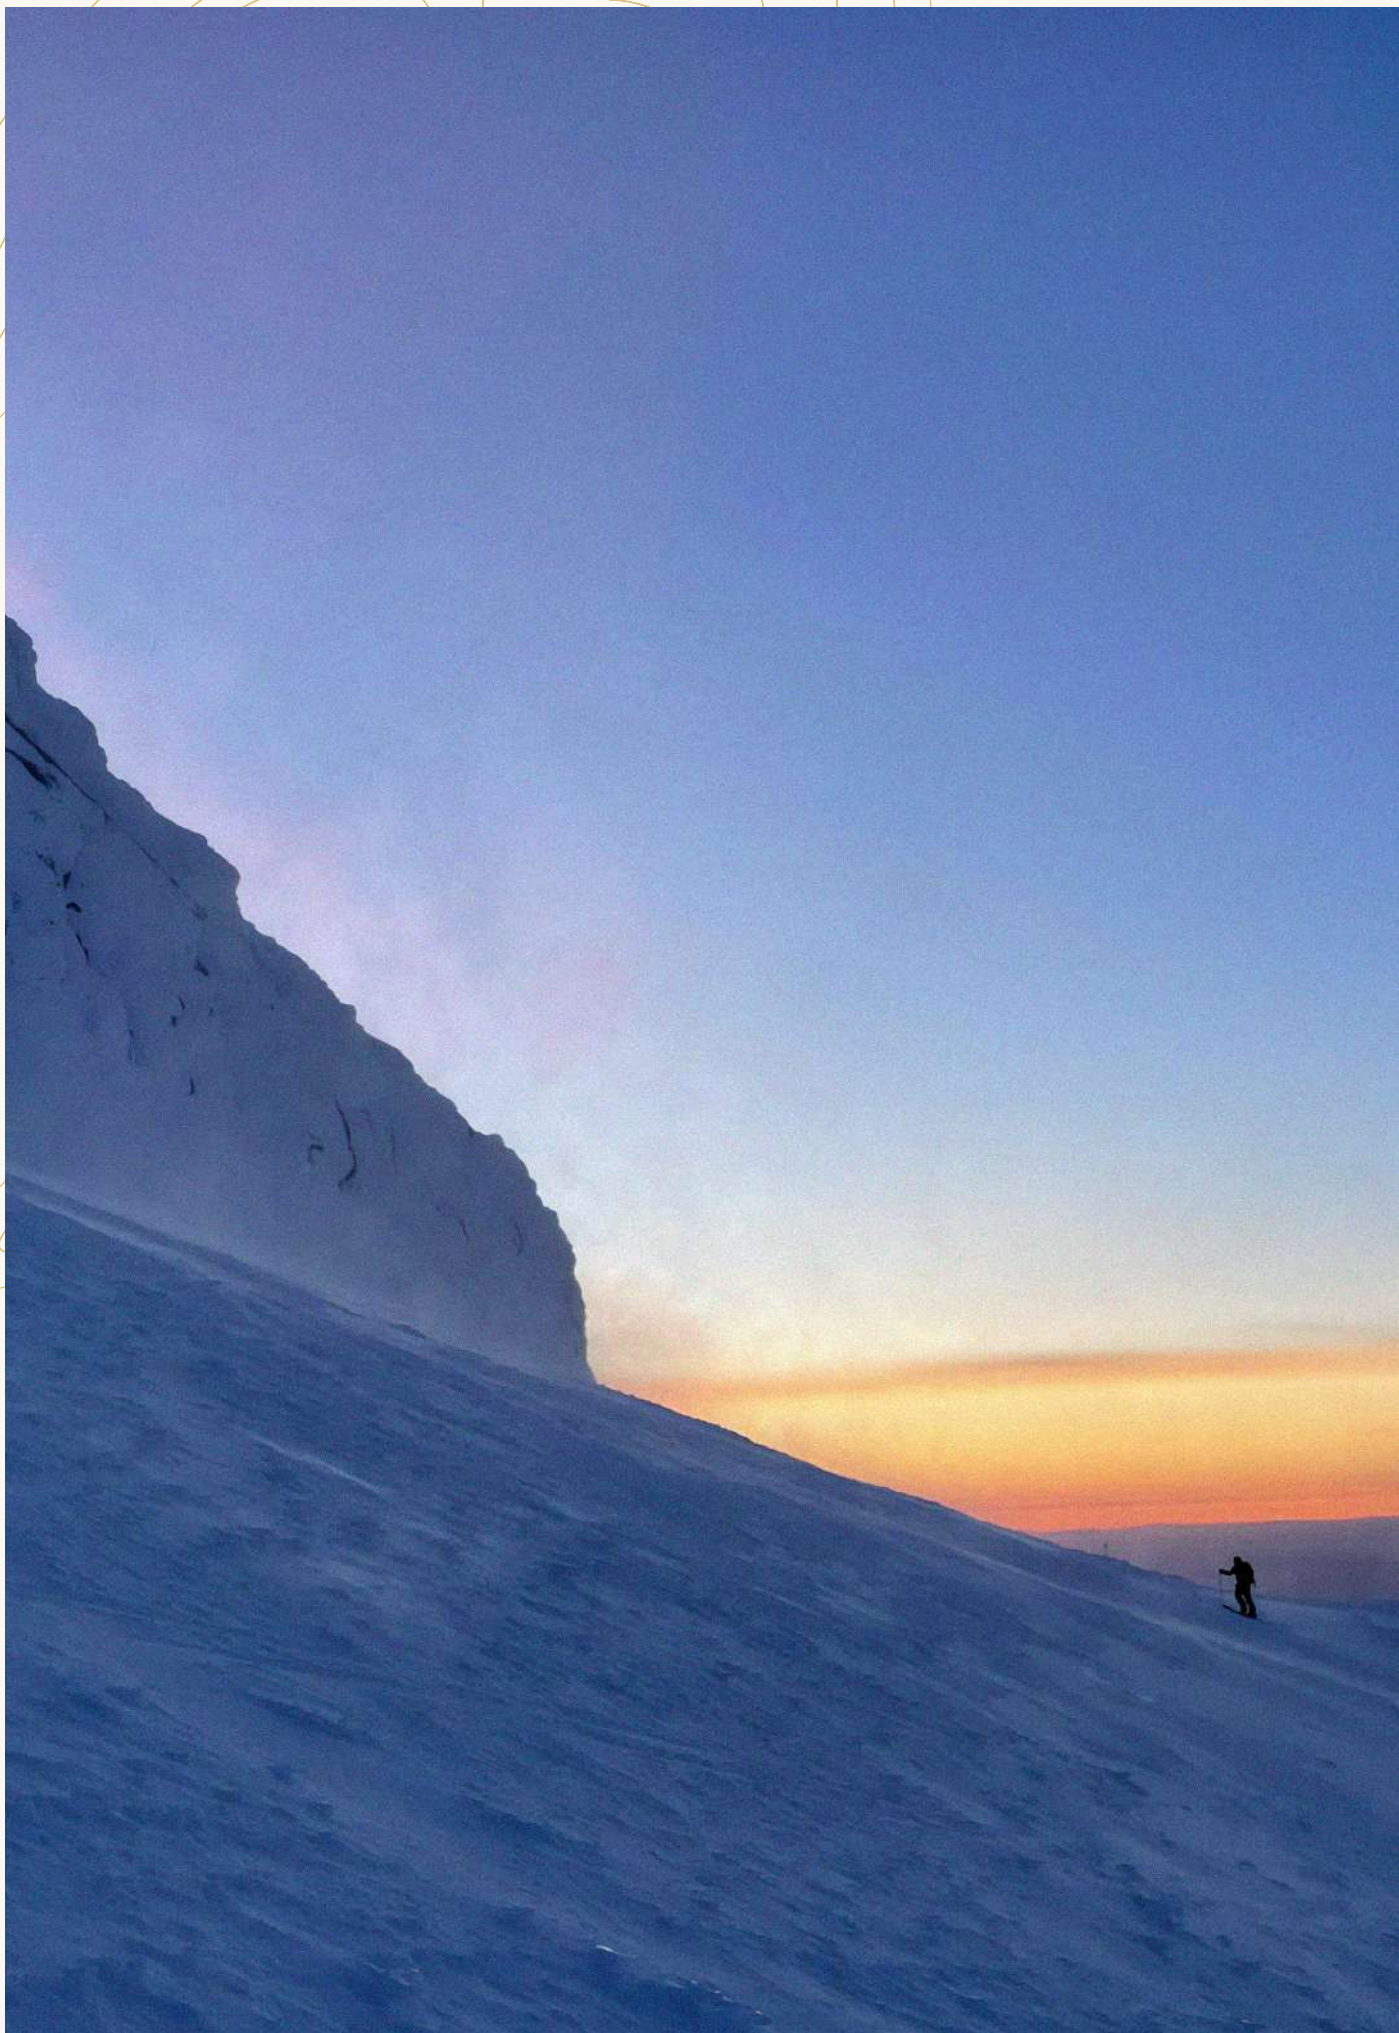

Seasonal brand campaign

Real since '95

Since 1995, we've defied trends, embracing the power of real, natural fibres like merino wool over synthetics. Our gear stands the test of time, crafted for those that demand responsible, quality, innovative solutions, with real fibres, for real performance, in the real world.

Seasonal product campaign

Natural winter protection.

For 30 years, we've been perfecting real winter protection with our innovative winter layering system. Created using responsibly sourced materials and innovative solutions, the four core pillars of this layering system are the 200 Oasis and 200 Oasis+ Suit base layers, the 300 Realfleece midlayers, and the Shell+ 3L outer layers, that all work together so you can experience unmatched protection against the elements. Real fibers, real protection, real performance.

Seasonal product campaign

Natural winter protection

200 Oasis

Pioneers in merino wool since 1995, we've championed this natural fibre before some of our competitors were even born. Our original base layer, the 200 Oasis, crafted from 100% merino wool, continues to set the standard for comfort and performance to this day.

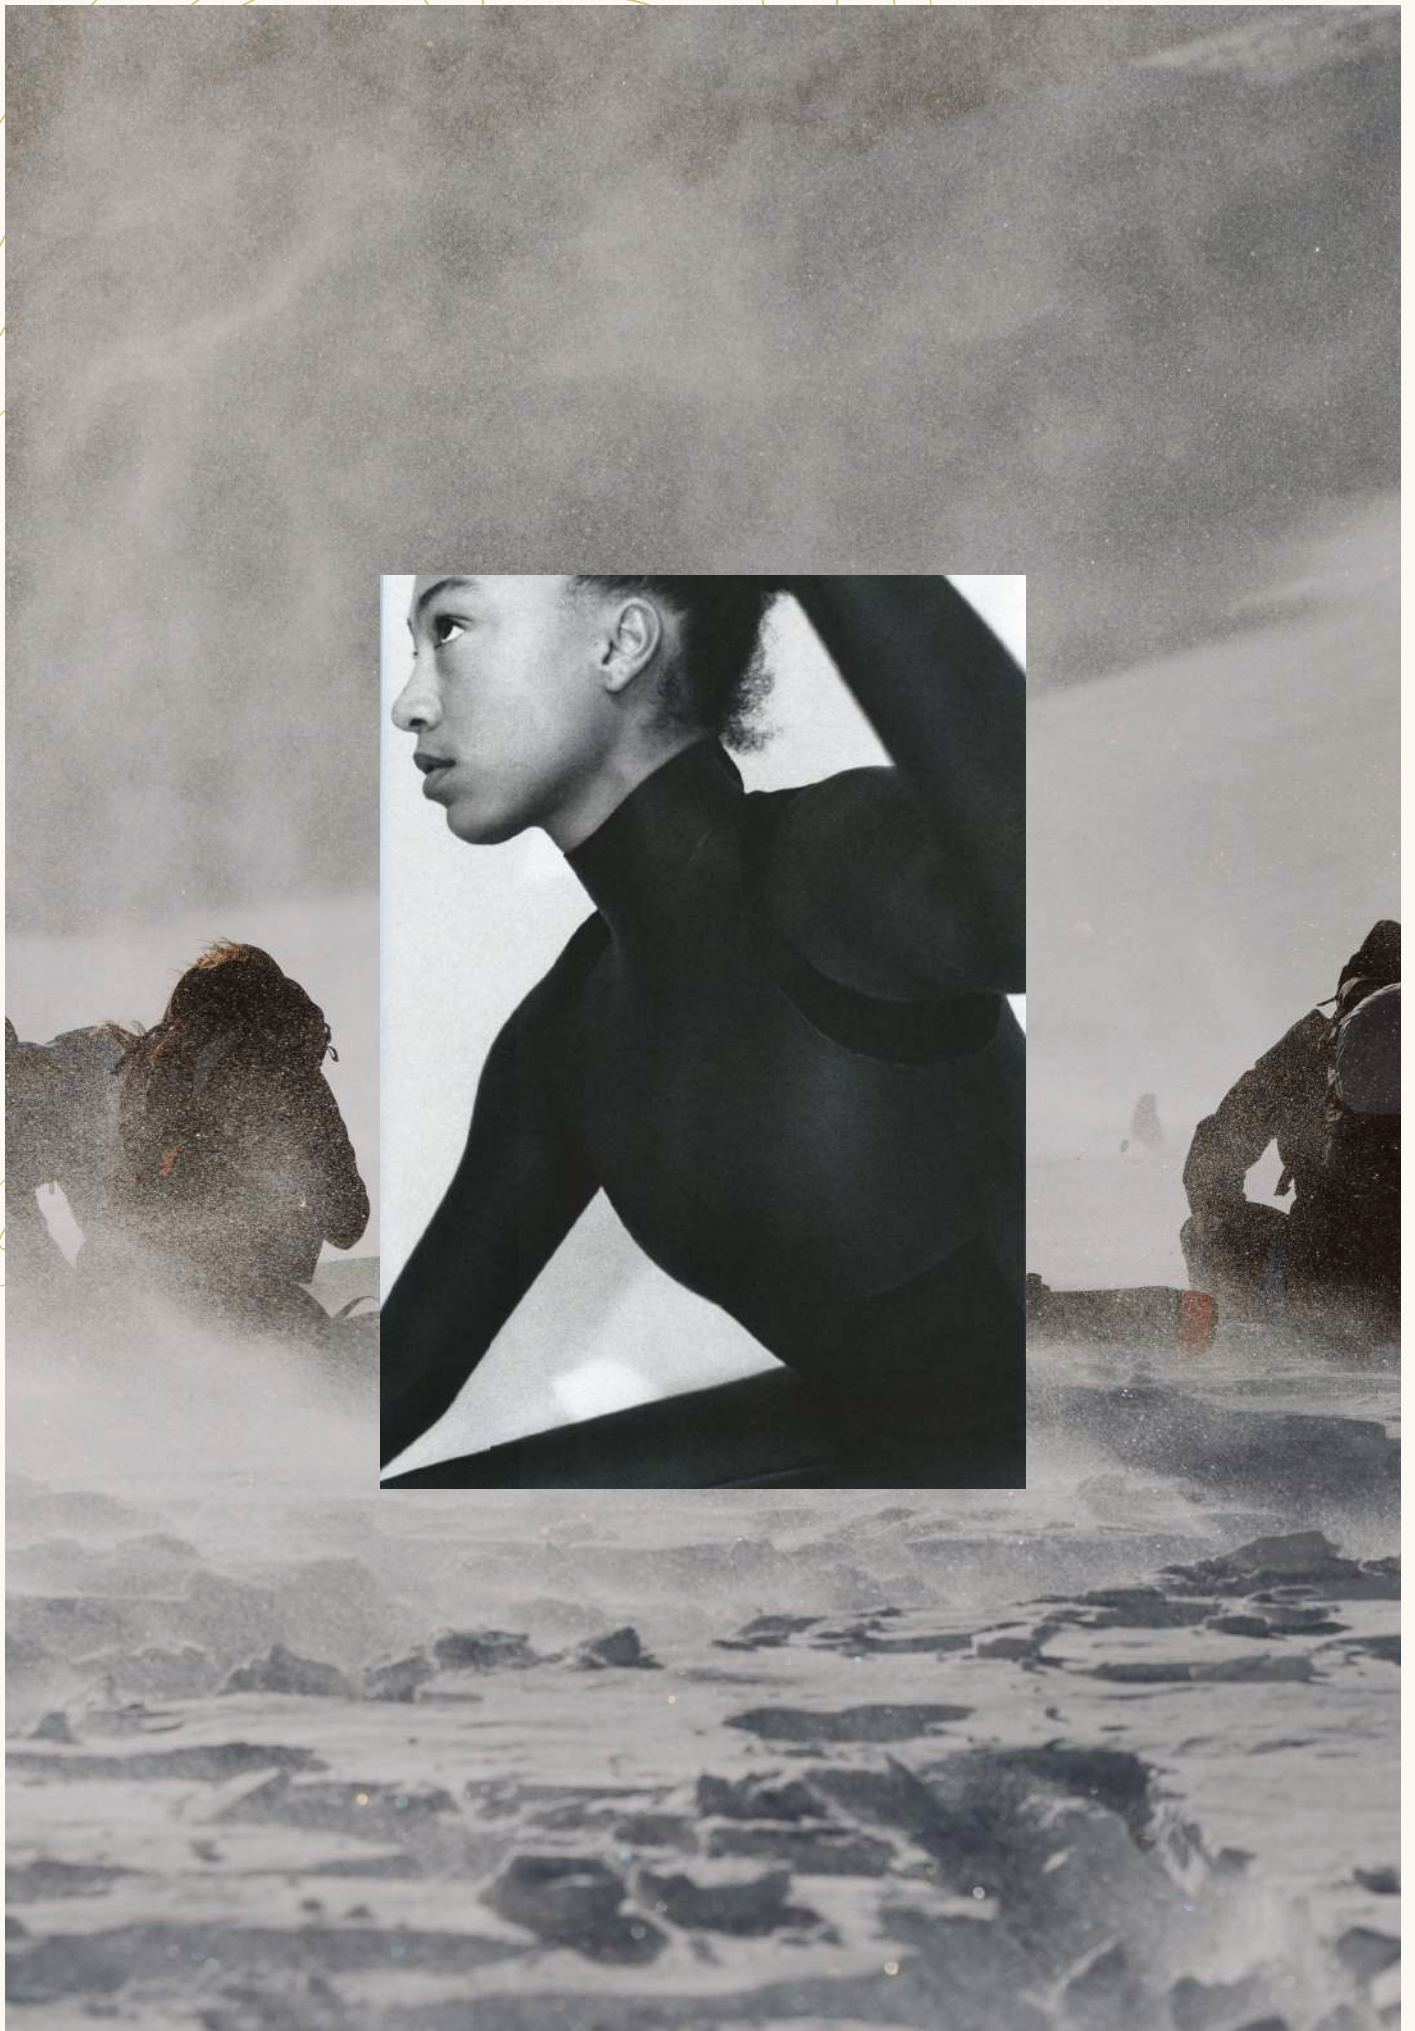

Seasonal product campaign

Natural winter protection

Oasis+ Suit

Meet the Oasis+ Suit: an all-in-one base layer crafted for fearless explorers. Drawing on 30 years of expertise, it offers unparalleled comfort and freedom of movement. Designed for any challenge, it's the essential piece for extreme comfort in extreme situations.

Seasonal product campaign

Natural winter protection

300 RealFleece™

Born from 30 years of innovation, the 300 RealFleece™ Descender is an incredibly adaptable addition to the layering system. Crafted with 100% plastic-free fabric, it delivers unmatched warmth and breathability. Light on weight, high on performance, and ready to embrace the outdoors.

Seasonal product campaign

Natural winter protection

Shell+™ 3L

The pinnacle of our layering system, a fully waterproof outer layer crafted from 96.8% petrochemical free fabric and a partially plant-sourced carbon membrane. This responsible choice is the outer layer to outdoor industry — and nature — have been waiting for.

Seasonal product campaign

Classic Pile Fleece

This is our nod to our 90s heritage, reimagined with natural fibres. Our classic-style fleece offers cosy warmth for pre- and post-adventures, blending nostalgic cool with modern responsibility. All comfort, zero petrochemicals.

Seasonal product campaign

MerinoFine™ 15.5

Ultra-fine 15.5 micron, 100% merino wool fibres feel exceptionally soft next to skin. All styles made from 15.5 micron merino are ZQRX sourced merino. ZQRX is the evolution of our current ZQ merino source standard, a mark of integrity for merino growers committed to ethical wool production through welfare, caring for the environment and social responsibility.

The background of the entire page is a light gray color, overlaid with a complex pattern of thin, red, wavy contour lines. These lines form various loops and swirls, creating a topographical or organic feel. The lines are more densely packed in some areas, particularly around the right side of the page, and more sparse in others.

Women

Base layer

Sitting softly next to your skin, natural fibre base layers move and breathe in harmony with your body for comfort all day long.

Women Merino 200 ZoneKnit™ LS Crewe

The background of the entire page is a light gray color, overlaid with a complex pattern of thin, red, wavy contour lines. These lines form various loops and swirls, creating a topographical or organic feel. The lines are more densely packed in some areas, particularly around the right side and bottom, and more sparse in others.

Women

Mid layer

Insulating natural fibre layers wrap your body in warmth, using innovative designs and technologies to shield you from the cold.

Women Merino Blend Quantum Hybrid LS Zip Hoodie

Building on our favourite Quantum midlayer, the added Lyoloft insulation on this technical layering piece helps keep you warm while regulating your body temperature on all those high intensity activities in the mountains.

NEW STYLE

Our versatile 100% merino wool Tech Lite short sleeve tee offers comfort, breathability, and natural odour resistance for any adventure. Collaborating with Swiss-Chinese artist, Tina Schwizgebel-Wang, we've screen-printed her designs using a printing paste that contains a black pigment sourced from FSC-certified wood waste. Tina drew inspiration from a two-day hike in the Trient Valley (Vallée du Trient), where she reached the summit of Bel Oiseau, immersing herself in nature along the way.

- 100% Merino Fabric - Soft, lightweight and naturally odour resistant fibre that keeps you warm when it's cold and cool when it's warm
- Offset shoulder seams to help reduce friction

Fabric main: 150gm² Merino Jersey, 100% Merino Wool

Fibre micron: 18.9µ

Fit: Regular

Sizes: S,M,L,XL,2XL

The background of the entire page is a light gray topographic map pattern. It features numerous thin, dark blue contour lines that swirl and curve across the frame, creating a sense of depth and texture. The lines are more densely packed in some areas, suggesting higher elevations, and more spread out in others.

Men

Mid layer

Insulating natural fibre layers wrap your body in warmth, using innovative designs and technologies to shield you from the cold.

Men 1360 MerinoLoft™ Jacket

Perfect for skiing or hiking in colder conditions, this insulated mid layer features MerinoLoft insulation in two weights to help optimize body temperature during activity.

- MerinoLoft™ – Merino wool insulation with a high warmth-to-weight ratio
- Shell+™ Cotton – Wind-resistant and water-repellent
- An outer layer to help keep you protected from the elements
- Ecoloft insulation for warmth
- Snug Hood and collar with iconic icebreaker design
- Shoulder panels for backpack compatibility
- Back hanger loop
- Side body and 2-pieces sleeves for functional fit
- Close fitting cuffs
- Secured Alpine pockets
- Adjustable hem

Fabric main: Shell+™ Cotton Woven + Non-PFC DWR, 100% Cotton

Men Merino Blend 300 RealFleece™ Descender Jogger

NEW STYLE

Introducing our versatile addition to the Descender series: a regular-fit jogger crafted with our innovative RealFleece™ blend of Merino and TENCEL™ Lyocell. Ideal for cold-weather performance activities, it can be worn alone or layered over a base layer during runs, hikes, or pre- and post-activity sessions.

- RealFleece™ – Brushed icebreaker merino wool provides warmth without the weight for comfort next-to-skin
- Waistband with knitted in drawcord constructed for minimal bulk and distractions
- Gusset for mobility and comfort
- Mock fly for versatility
- 2 secured hand pockets with an internal patch pocket at wearer's right side
- Flatlock seams to help reduce friction

Fabric main: RealFleece™ Brushed 250gm², 60% TENCEL™ Lyocell, 40% Merino Wool

Lining: 200gm² Merino Jersey, 100% Merino Wool

Fibre micron: 18.9µ

Fit: Regular

Sizes: S,M,L,XL,2XL

The background of the page is a light gray color, overlaid with a complex pattern of thin, red, wavy lines. These lines form a series of concentric, irregular loops and swirls, resembling a topographical map or a fluid, organic pattern. The lines are most dense in the lower right quadrant, where they form a series of tight, concentric loops. In the upper left, the lines are more spread out and form larger, more irregular shapes. The overall effect is a dynamic and abstract visual texture.

Reference

Women

Sizing / measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

Measurements

Woman (cm)	XXS	XS	S	M	L	XL	2XL	3XL
Bust	70-76	76-82	82-88	88-94	94-100	100-107	107-116.5	116.5-126
Height	169	169	169	169	169	169	169	169
Waist	56-61	61-66	66-71	71-77	77-84	84-91	91-101	101-112
Hip	79-84	84-90	90-96	96-102	102-108	108-114	114-123	123-132

Woman (inches)	XXS	XS	S	M	L	XL	2XL	3XL
Bust	27.5-30	30-32.5	32.5-34.5	34.5-37	37-39.5	39.5-42	42-46	46-49.5
Height	5' 6 ^{1/2} "	5' 6 ^{1/2} "	5' 6 ^{1/2} "	5' 6 ^{1/2} "	5' 6 ^{1/2} "	5' 6 ^{1/2} "	5' 6 ^{1/2} "	5' 6 ^{1/2} "
Waist	22-24	24-26	26-28	28-30.5	30.5-33	33-36	36-40	40-44
Hip	79-84	84-90	90-96	96-102	102-108	108-114	114-123	123-132

How to measure:

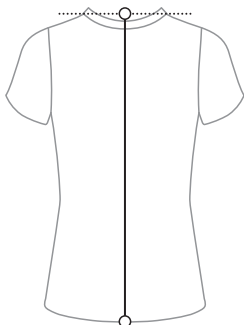

Bust*	Place tape measure across your back, underneath your arms and then across the widest point on the bust. Don't 'squash' yourself.
Height*	This is your true height, without the assistance of shoes.
Waist**	Measure the smallest part of the torso.
Hip**	Place the measuring tape around the body at the fullest part of the hip, feet together.

*In instances when your body measurements for bust and height are in two different suggested sizes, we recommend going with the size from your bust measurement.

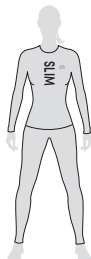

**In instances when your body measurements for waist and hip are in different suggested sizes, we recommend going with the size from your hip measurement.

Back Length

BL is measured from the high point of the shoulder

Fit On Body

Men
