woah

Outside is where woah happens.
We make Merino gear designed
to keep you out there chasing it.

OUR STORY

It all started when our founders simply wanted to ski longer without getting cold toes.

Founded over 30 years ago in Steamboat Springs, CO, we were the first outdoor company to create Merino wool performance socks—revolutionizing the category and forever changing the way outdoor enthusiasts viewed their feet. Since then, we've continued to innovate and perfect our craft, pushing the boundaries of what's possible with Merino wool.

OUR PURPOSE

It's our mission to bring comfort, confidence, and community to a life lived outside.

SNOW

Down. Upgraded.

Smartwool started on the mountain back in 1994. Now, we're expanding our snow product range with our new insulated outerwear collection.

Introducing Winterloft™

Winterloft™ insulation combines **80% recycled down** with **20% recycled Merino wool** to enhance moisture management, breathability, and warmth.

SUPER
BREATHABLE

MOISTURE
MANAGEMENT

BODY TEMP
REGULATION

Merino wool naturally absorbs 35% of its own weight in moisture and remains dry to the touch. This helps balance insulation, so moisture and temperature are better controlled when wet.

- 1 Key zones lined with Merino blend fabric to block the chill
- 2 Interior dump pockets with strategically placed Merino blend fabric and brushed tricot fabrications for maximum warmth and comfort
- 3 Adjustable hem to seal out drafts
- 4 2-way zipper for easy dump pocket access
- 5 Helmet compatible hood
- 6 Interior chest pocket for secure storage
- 7 Sleeve articulation for unrestricted mobility
- 8 Stretchy sleeve cuffs
- 9 100% recycled shell

Chase Woah Brand Campaign

Chasing woah doesn't stop when the weather turns, it gets better.

This season, we're putting our new Winterloft™ front and center because insulation is the key to staying out longer and feeling good while you do it. We were made to move, and chasers gonna chase.
